

LAGUNA PURE

SACRED PERFECTION, UNIQUELY DIFFERENT, NATURALLY MODERN

aLEGNA

UNDERSTATED NATURALNESS.

The extremely modern design gives every bathroom a unique character.

LAGUNA PURE washbasins stand out due to their almost sacred perfection and beauty. We only use particularly beautiful, continuous veneers. Select wood is coated and permanently keeps its sophisticated appearance. The wooden washbasin not only stands out visually but also in terms of functionality and ease of maintenance.

STURDY AND DURABLE.

The wood veneers are compressed under high pressure and completely saturated with resin. This prevents the wood from splintering and saturating with water. The extremely hard-wearing coating has been tested extensively. It guarantees optimum protection and high durability, even with frequent use.
