

LAGUNA REDONDO

SOFT, HARMONIOUS, WELL-BALANCED

ALEGNA

A GOOD DESIGN INVOLVES AS LITTLE DESIGN AS POSSIBLE.

(Designer Dieter Rams)

With its understated design, soft finishes and curves, the designer's quote fully reflects the LAGUNA REDONDO wooden bathtub. Handmade, forming a uniform and integrated frame, this bathtub allows you to relax and have a cosy bath, whether alone, as a couple or with the whole family.

However, the LAGUNA REDONDO wooden bathtub also distinguishes itself with further benefits: It is very easy to clean and can also be installed in existing bathrooms with minimal effort. This bathtub is ideally suited for larger bathrooms.

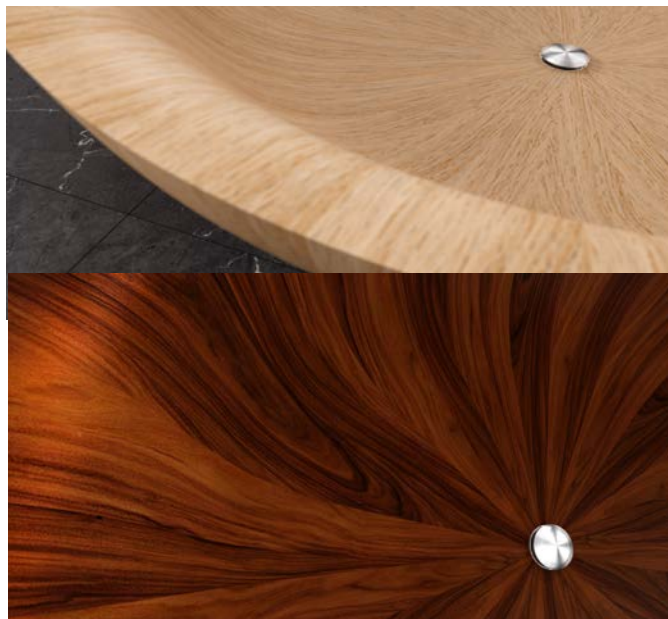

MADE OF SOPHISTICATED MATERIALS.

Due to the unique design of ALEGNA, this wooden bathtub is relatively lightweight when compared to other wooden bathtubs, and will delight your spirit and soul for many years to come. In spite of the size of the tub, it appears elegant and luxurious due to its understated design, soft curves and carefully selected materials.
